Topics that we shall cover would typically be: how to get your products to market; how to price them; how to promote them and, and how to get paid for them.

## Assessment

This course is assessed 100% through exams which take place in a linear style, i.e., at the end of Year 12 and Year 13.

## Career Opportunities

A Level Business Studies opens up a range of options; students could combine this subject with another more vocational subject and begin to develop a career path in their chosen field. Alternatively they could study Business with a view to pursuing it to degree level and following a career in General Management, Sales, or Accountancy perhaps. We also envisage a number of students using their business studies training as momentum to consider running their own businesses.
